OUR PHILOSOPHY

Our philosophy is simple – people are important.

Whether it's the people using our products, the people selling them or the dedicated team working behind the scenes – people are at the heart of our company.

We're not your average business, and this is something that will never change; our customers and our team will forever remain the most important part of our business.

We care about you and your needs, which is why we work hard to source quality products for our customers across the UK and Europe. We also take a great deal of pride in our team, who help us to make it happen.

With a firm focus on service and support, we provide a variety of office seating, desking, storage, conference and training furniture. We also offer a selection of delivery services to match our customer's needs.

Personal performance drives business success. Our people maximise their performance through ongoing training in clear and positive thinking, allowing them to achieve their goals - and quickly.

The outcome? A successful business that is driven by high-achieving individuals who are positive, motivated and happy.

BCFA MEMBER

We belong to the BCFA (British Contract Furnishing & Design Association), the trade association for the British Contract Furnishing Industry. As members of the BCFA, we remain committed to achieving higher standards in both the design of our products and the services we offer.

ENVIRONMENTAL POLICY – BS-EN ISO14001:2015 CERTIFIED

We care about the environment, and to show this, we regularly evaluate our procedures and implement new strategies to reduce our ecological footprint. We measure, manage and control our environmental impact by being certified to ISO 14001:2015.

QUALITY MANAGEMENT – BS EN ISO 9001:2008 CERTIFIED

Our Quality Management system is compliant to BS EN ISO9001:2008. This accreditation ensures that all of our products, processes and systems are monitored and measured. They regularly go through management review ensuring compliance with the regulatory requirements of this International Quality Standard.

DELIVERY AND INSTALLATION

We are committed to giving our customers an exceptional experience. Our D&I service allows you to sit back and relax, while we efficiently deliver and install your furniture - you are the centre of this process.

With our experienced fitters overseeing the whole process from beginning to end, there's nobody who can install our furniture better than us. Once you have placed your order, we will deliver and fit within 10-15 working days. We guarantee you the install will be stress-free by implementing the following practices:

- 1. Staff will observe good housekeeping and safety policies at all times
- 2. Once you are happy, all packaging is disposed of correctly and recycled where possible
- 3. A member of our experienced D&I team will then offer you a complimentary product demonstration, to ensure you are confident and happy with your new products

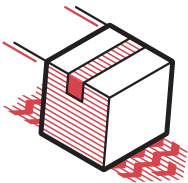

It's better for everyone when things go smoothly. Please ensure that:

- You have considered the 3 Ps; the **postcode** of the delivery and install location, what **products** it is that you require and any **problems** we may run into with the install, for example, no lift or restricted access
- You carefully consider any special security requirements
- You provide on-site contact details, as you will receive a delivery date and time slot via text or email. The driver will also call on the day

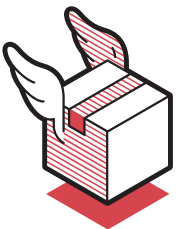

DELIVERY SERVICES

We have several delivery services available, all tailored to you and your requirements.

NEXT DAY DELIVERY

Need something tomorrow? Place your order with us, and we will ensure it reaches you by the next working day. No matter the order size, we can get you what you need, when you need it. It's that simple.

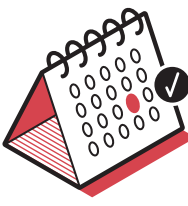

5 - 7 DAY DELIVERY

Not in a rush? Delivery for all stocked products will be on our 5-7 day service.

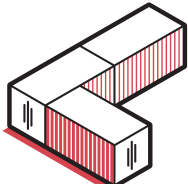

ROOM OF CHOICE

If you need some additional assistance, but not full delivery and installation, our Room of Choice option is the service for you. We offer a two-man delivery, to the room the products are being used. We take out all the heavy lifting and transporting of goods, leaving everything exactly how you want it.

NOMINATED DAY

Our priority is always making life that little bit easier for all our customers. Our Nominated Day delivery service is tailored to fit around you. You choose the day and time slot; we'll do the rest.

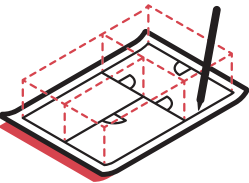

CONTAINERISED DELIVERIES

Your high volume products never need to go out of stock again with our containerised delivery option. Order a full container of products and enjoy a significant cost saving. We receive and monitor your order, and keep you fully informed until it reaches your door. It's that easy.

If you need any more information about any of the services outlined below, please contact our Sales Team, and we will be delighted to assist you.

SPACE PLANNING

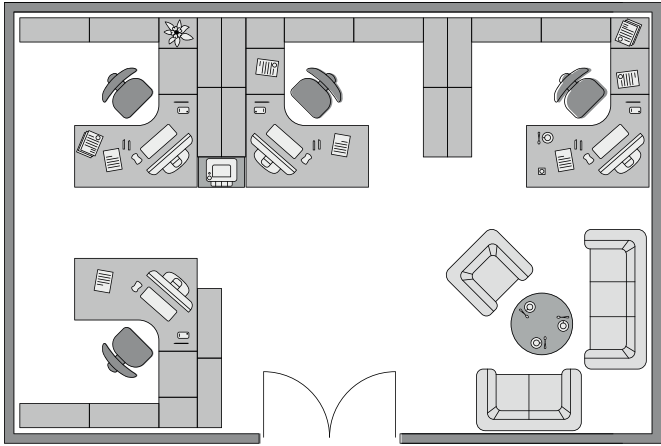

Correct planning ensures you are getting the most out of your space. We offer a space planning service which utilises the maximum capacity of your workspace safely and efficiently.

Our experienced team use the latest software to ensure a full planning service, from site surveys and 2D plans to walk-through 3D visualisations. Just give us your measurements, and we will create and suggest possible layouts to enhance your existing office space.

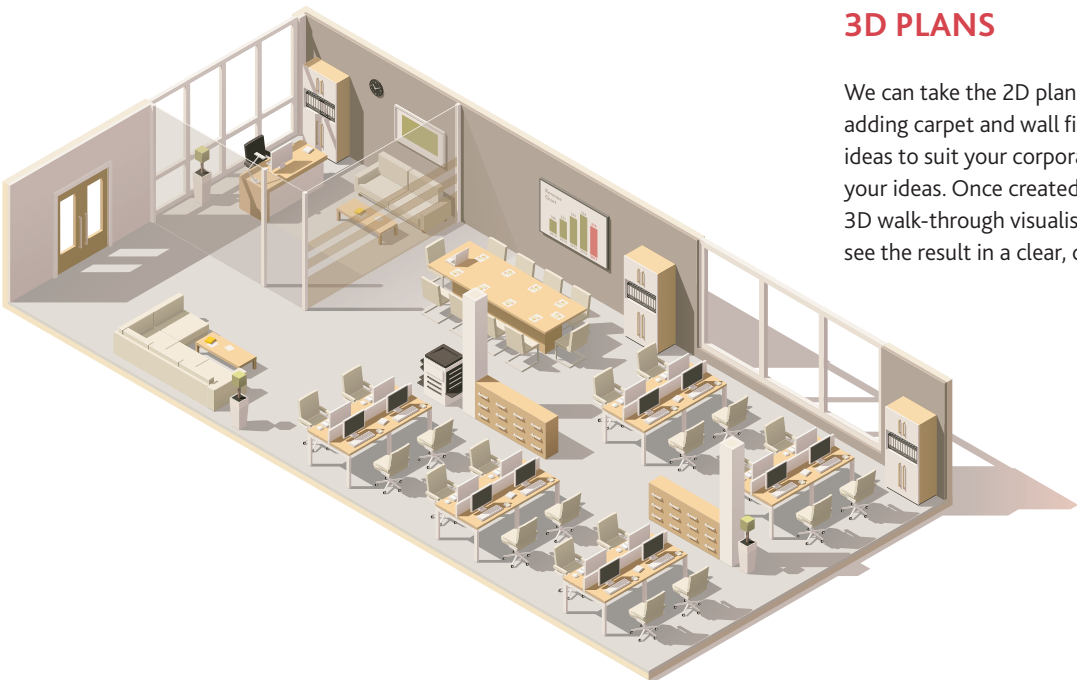

2D PLANS

Our 2D plans turn your measurements into a well thought out working area to suit your particular requirements. Once your furniture plan is complete, we can be as detailed as you need and display network points, lighting, heating, power, and anything else you may require. Want to hang on to a few things? Our 2D plans can show a mix of old and new furniture designed by our experienced team.

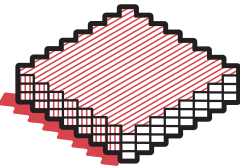

3D PLANS

We can take the 2D plan drawings a stage further by adding carpet and wall finishes, together with colour ideas to suit your corporate identity - or build on your ideas. Once created, we can produce a 3D walk-through visualisation, which enables you to see the result in a clear, concise way.

MATERIAL FINISHES

We are proud to work with a dedicated selection of the UK and Europe’s longest established and best-recognised upholstery fabric, vinyl and leather manufacturers.

The fabrics we offer are a selection of the most popular within the market and are suitable for applications ranging from operator/task seating, soft seating and for the upholstery of vertical surfaces, such as desk mounted and floor standing screens.

Where environmental credentials are a significant consideration we are also able to source and recommend from a wide choice of ecological fabrics, made from recycled raw materials, or materials composed of rapidly renewable sources such as wool or innovative bast fibres from nettles, hemp or even recycled coffee sacks.

The range of manufacturers, finishes and price bands offers a solution for all specifications and budgets - please contact us for further details or assistance.

UNLIMITED FABRICS

Where you see the above icon, the product is available upholstered to your exact specification. Choose from multiple on-trend finishes to match your market place or corporate colour scheme, or if you’re looking for something different to brighten up your business environment.

FIRE RETARDENCY

The fire retardancy or CRIB rating of a particular fabric measures its ability to resist ignition from an exposed flame. There are a variety of tests for the flammability of upholstery fabrics within the UK - we have listed a brief description of those applicable to our market below (please note this is not exhaustive; if further information is required, please contact us).

Low Hazard - tested to BS7176:2007 Low Hazard fabric ratings are suitable for use within the general office environment.

CRIB 5 - This indicates a fabric has been treated and tested and is suitable for most purposes, particularly contract environments like hotels, where the impact of a fire can especially dangerous due to the volume of people.

CRIB 7 - This is a more stringent test version of CRIB 5. Fabric that passes this test is suitable for more hazardous environments like prisons or offshore installations.

PLEASE NOTE:

Fabric Bandings - Should your fabric of choice not be listed please contact our Sales Team who will be happy to assist. Please ensure you check the suitability of your selected fabric for its application before ordering.

Leather - Priced upon application.

Fabric Swatches - We recommend that your final fabric selection is made based on a physical swatch only; we recommend you use printed swatches merely as a guide.

All of the materials used within our furniture, seating and storage ranges are carefully selected and specified per our ISO 9001 certification. We work with globally renowned manufacturers to ensure we can bring to market quality products that stand the test of time and offer an exceptional value proposition. Our desktops and wooden storage are FSC certified MFC - Melamine Faced Chipboard.

We have a standard colour palette of six MFC wood finishes spanning our core range of desking and storage, comprising panel end, cantilever and bench solutions specified at 25mm for all desktops. Similarly, our Regent Executive range offers two dedicated MFC wood finishes at 36mm to give a unique executive edge. Our MFC supply chain is fully FSC (Forest Stewardship Council) certified and therefore accredited to ISO 14001 and ISO 9001.

HEIGHT ADJUSTABLE

// 01

On the move, can't sit still, are you the modern mobile worker? If the answer to all the above is yes- don't worry, we've got just the thing. Our range of height adjustable desks is designed so that you can stretch your legs and increase your productivity while also carefully considering health and cleverly utilising multifunctionality.

BENCH DESKING

// 02

Bench desking doesn't always have to mean lots of people packed into one cramped space. The idea behind workbenches is to drive collaboration, optimise space and allow room for flexibility.

CONTENTS

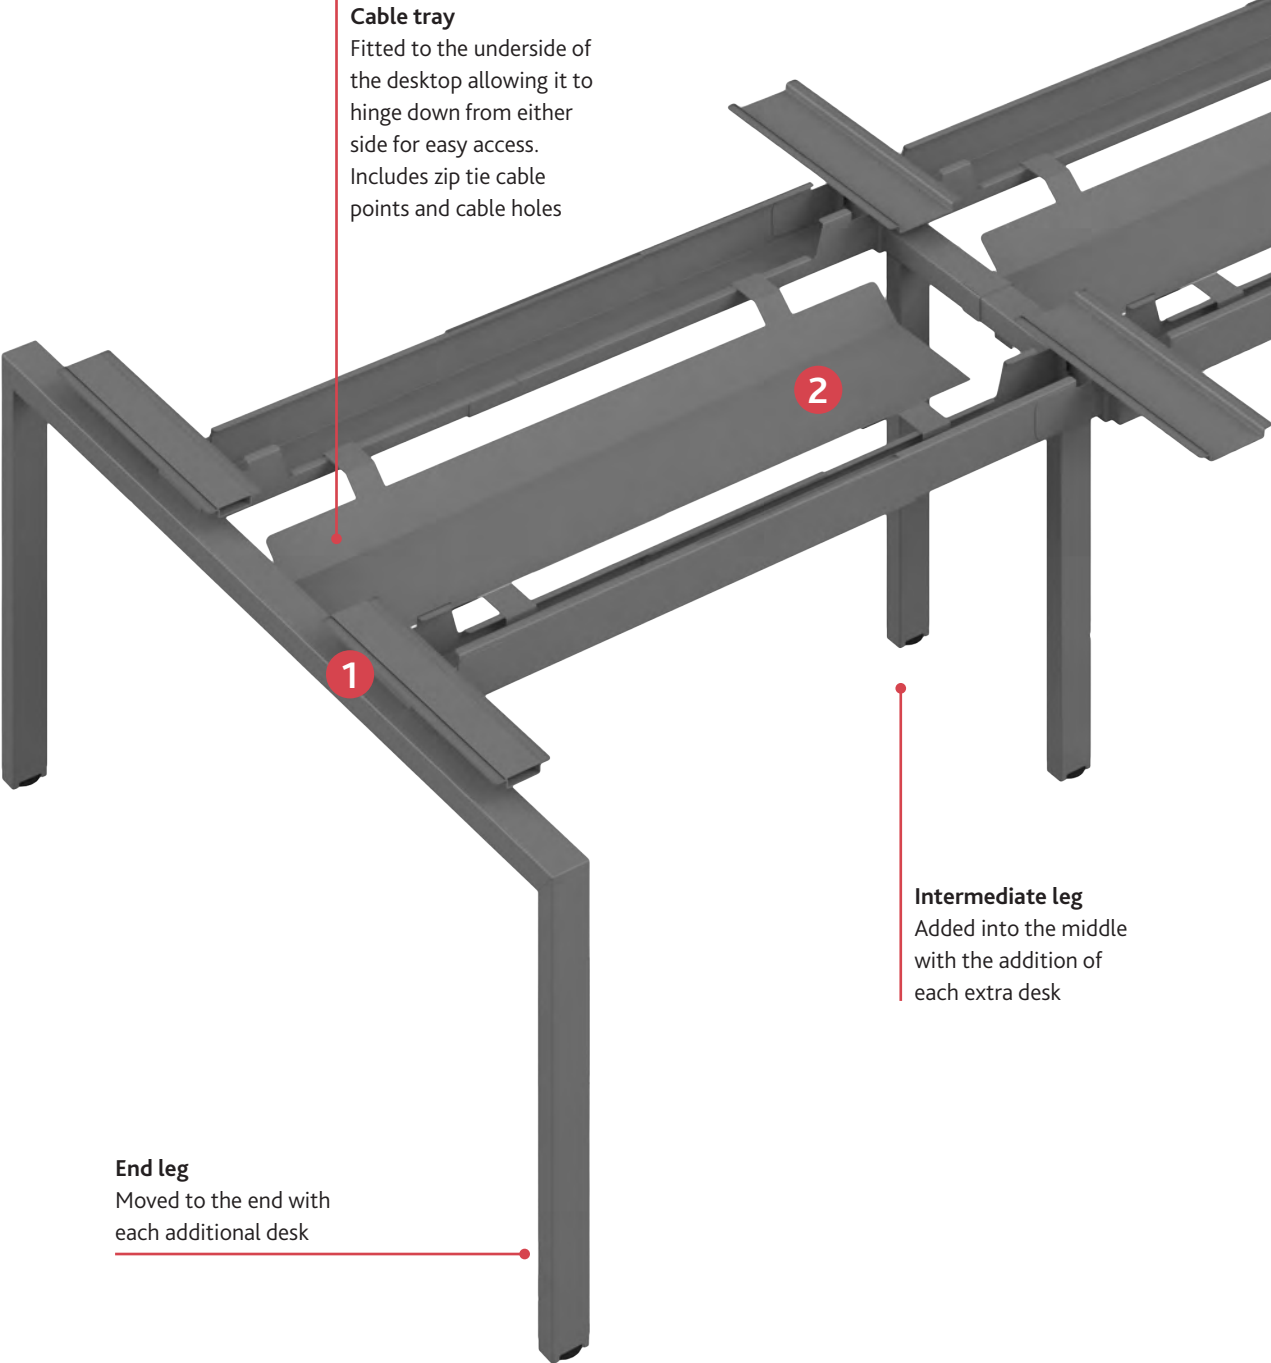

- 18 Premium Bench Explanation
- 20 Premium Bench
- 22 Fixed Beam Bench Explanation
- 24 Single Bench
- 26 Back to Back Bench

PREMIUM BENCH EXPLANATION

The Premium Bench platform is a speedy and straightforward Bench system with an edge. By using a telescopic beam, it allows the system to be fully flexible by allowing the scope to construct lots of different layouts and configurations. Change needn't mean unnecessary cost.

In addition to its sliding telescopic beam, sliding top bridges **1** can replace its existing fixed ones, and an additional large capacity cable tray **2** is available to add. Both of these extra accessories further enhance this bench systems ability to facilitate various layouts by allowing easy access to cables for alteration and hide them out of the way.

Screens
A variety of screen brackets are available dependent on the type and design of screen required. Mass cable risers **3** are available to add to the intermediate legs to enable running cables up from the floor by a simple magnetic fixing method.

Cable tray
Fitted to the underside of the desktop allowing it to hinge down from either side for easy access. Includes zip tie cable points and cable holes

End leg
Moved to the end with each additional desk

Intermediate leg
Added into the middle with the addition of each extra desk

Screens
Metal to metal connection allowing rigid connection for unrivaled strength

Desktop
Available with either cable ports or a cutout (shown) in 6 finishes and 3 widths

Top bracket
Gives the appearance of floating tops

STEP 1

Slot adjustable beams into the end legs; noting orientation and ensuring full engagement. Adjust beams to be the correct length for the desktop being used (1200 – 1800mm). The length of the beams can be secured into place using an M4 x 15mm bolt.

Slot adjustable beams into the intermediate leg or end leg (depending upon starter or extension); ensure full engagement prior to next step.

Secure cross rails to the intermediate leg using a steel top hat and secure using 4 x M6 x 15mm connector bolts.

Secure cross rails to the end leg using a steel top hat and secure using 2 x M6 x 15mm connector bolts.

Locate desktops and secure in place using the M6 x 20mm connector bolts.

STEP 2

Attach hanging brackets to the cable tray (optional accessory). The brackets simply hook onto the adjustable beam, which gives greater flexibility for any IT department.

To fit the cable riser, bolt the hook to the underside of the intermediate leg and then hook the side panel in place. Cables are then fed into position, and hook in the opposing panel to enclose the leg.

STEP 3

Attach screen brackets directly to the desktops using the bolts to secure these. Then simply slot the screens into place.

Tool rail and panel screens can be linked in-line with the integrated link strips supplied within each screen. Simply remove the upper or lower caps, discard one of the strips and use the remaining link strip by fitting on the centre line of the two screens, thus creating the link. To finish, re-fit the caps in place.

TOP FINISHES // FRAME FINISH

- Features a telescopic beam that allows the system to be flexible by allowing the scope to construct different configurations; this is ideal for saving costs in an evolving office

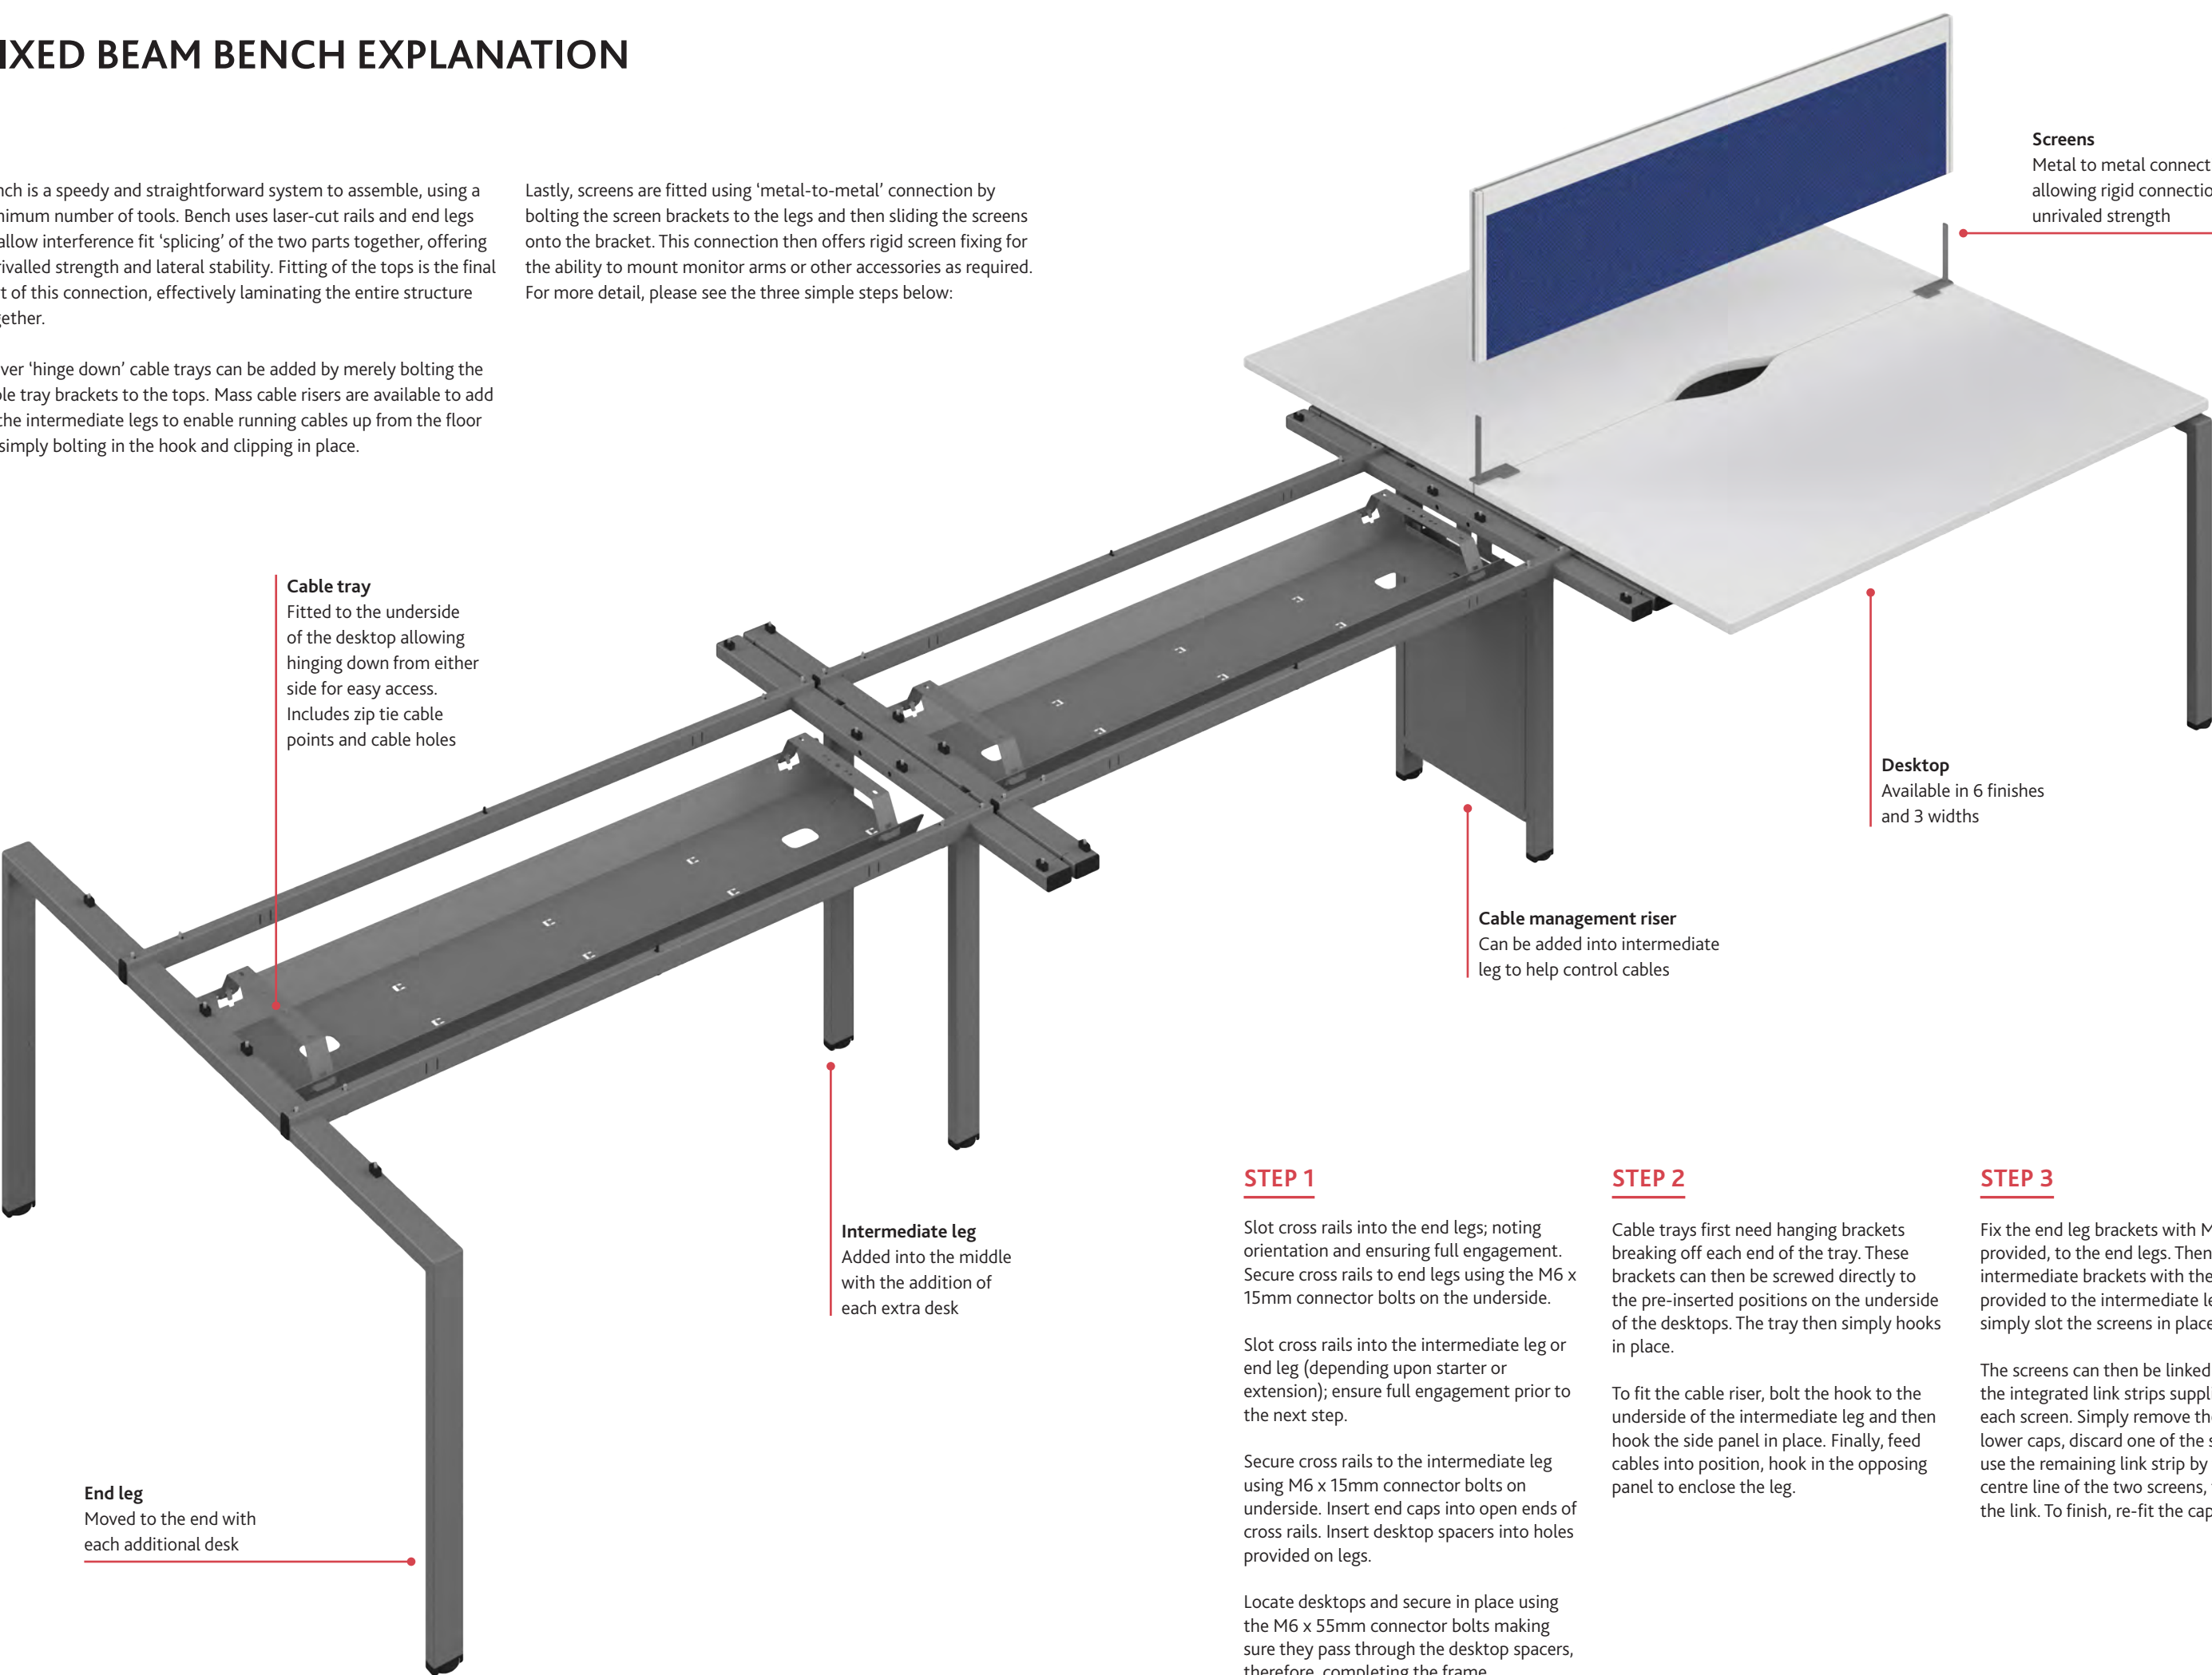

FIXED BEAM BENCH EXPLANATION

Bench is a speedy and straightforward system to assemble, using a minimum number of tools. Bench uses laser-cut rails and end legs to allow interference fit 'splicing' of the two parts together, offering unrivalled strength and lateral stability. Fitting of the tops is the final part of this connection, effectively laminating the entire structure together.

Clever 'hinge down' cable trays can be added by merely bolting the cable tray brackets to the tops. Mass cable risers are available to add to the intermediate legs to enable running cables up from the floor by simply bolting in the hook and clipping in place.

Lastly, screens are fitted using 'metal-to-metal' connection by bolting the screen brackets to the legs and then sliding the screens onto the bracket. This connection then offers rigid screen fixing for the ability to mount monitor arms or other accessories as required. For more detail, please see the three simple steps below:

STEP 1

Slot cross rails into the end legs; noting orientation and ensuring full engagement. Secure cross rails to end legs using the M6 x 15mm connector bolts on the underside.

Slot cross rails into the intermediate leg or end leg (depending upon starter or extension); ensure full engagement prior to the next step.

Secure cross rails to the intermediate leg using M6 x 15mm connector bolts on underside. Insert end caps into open ends of cross rails. Insert desktop spacers into holes provided on legs.

Locate desktops and secure in place using the M6 x 55mm connector bolts making sure they pass through the desktop spacers, therefore, completing the frame.

STEP 2

Cable trays first need hanging brackets breaking off each end of the tray. These brackets can then be screwed directly to the pre-inserted positions on the underside of the desktops. The tray then simply hooks in place.

To fit the cable riser, bolt the hook to the underside of the intermediate leg and then hook the side panel in place. Finally, feed cables into position, hook in the opposing panel to enclose the leg.

STEP 3

Fix the end leg brackets with M8 bolts provided, to the end legs. Then fix the intermediate brackets with the M8 bolts provided to the intermediate leg, then simply slot the screens in place.

The screens can then be linked in-line with the integrated link strips supplied within each screen. Simply remove the upper or lower caps, discard one of the strips and use the remaining link strip by fitting on the centre line of the two screens, thus creating the link. To finish, re-fit the caps in place.

DESKING

// 03

We believe that a desk isn't just a place that you do your work; it's your personal space and therefore, an extension of your personality. Our desking ranges have been carefully selected to cater for you, and your working environments.

STEEL STORAGE

// 06

Inspired by our customers and designed with resilience in mind; this range of furniture is for the meticulous office worker, the organised freelancer and the problem-solving teacher. We have thought about how steel storage can cater for everybody and paid particular attention to adding elements of personalisation to ensure your space is your own.

RECEPTION MIX & MATCH

The reception desk has the option to separately pick the finish of the tops and sides, enabling you to mix finishes and create a reception unit that fits in with the office decor.

When ordering, select the finish for **Box A** to choose the desk and reception tops and select the finish for **Box B** to choose the front and side panel finish.

THINGS TO CONSIDER

The correct office chair is a very important decision to make. The right chair promotes good posture and comfort, which enhances productivity and ensures a happy, competent workforce. The average office chair can be in use for 1900 hours over the course of a year. Our selection of office seating ranges from operator, through to executive and posture seating.

IMPORTANT THINGS TO CONSIDER:

MECHANISM USER GUIDE

FIXED BACK

- Seat moves up and down
- Back can be raised or lowered
- The backrest angle is fixed

PERMANENT CONTACT (PCB)

- Seat moves up and down
- Back can be raised or lowered
- Backrest angle can be fixed or set to free float - i.e. in 'permanent contact' with your back is fixed

ASYNCHRO / ASYNCHRO TORSION

- Seat moves up and down
- Back can be raised or lowered
- Backrest angle can be fixed or set to free float
- Seat angle can be fixed to desired angle
- Torsion control knob can be adjusted to match body weight

LOCK TILT

- Seat moves up and down
- Tilt of chair can be locked or set to free float
- Torsion control knob can be adjusted to match body weight

SYNCHRO

- Seat moves up and down
- Backrest and seat angle can be fixed or set to free float (2:1 ratio)
- Synchro chairs can be fixed in either 3, 4 or 5 positions
- Torsion control knob can be adjusted to match body weight

KNEE - TILT

- Seat moves up and down
- Backrest and seat angle can be fixed or set to free float (2:1 ratio)
- Knee tilt chairs can be fixed in either 3, 4 or 5 positions
- Torsion control knob can be adjusted to match body weight

LUMBAR SUPPORT

- Backrest provides support for the natural 'S' shape of the spine
- Prevents slumping and reduces stress on the spine and pelvis

RATCHET BACK

- Back can be raised or lowered independently of chair functions

SEAT SLIDE

- Seat depth can be increased or decreased independently of chair functions

STACKING CHAIR

- Designed to be safely stacked
- Recommended number of chairs per stack is stated in product details if relevant

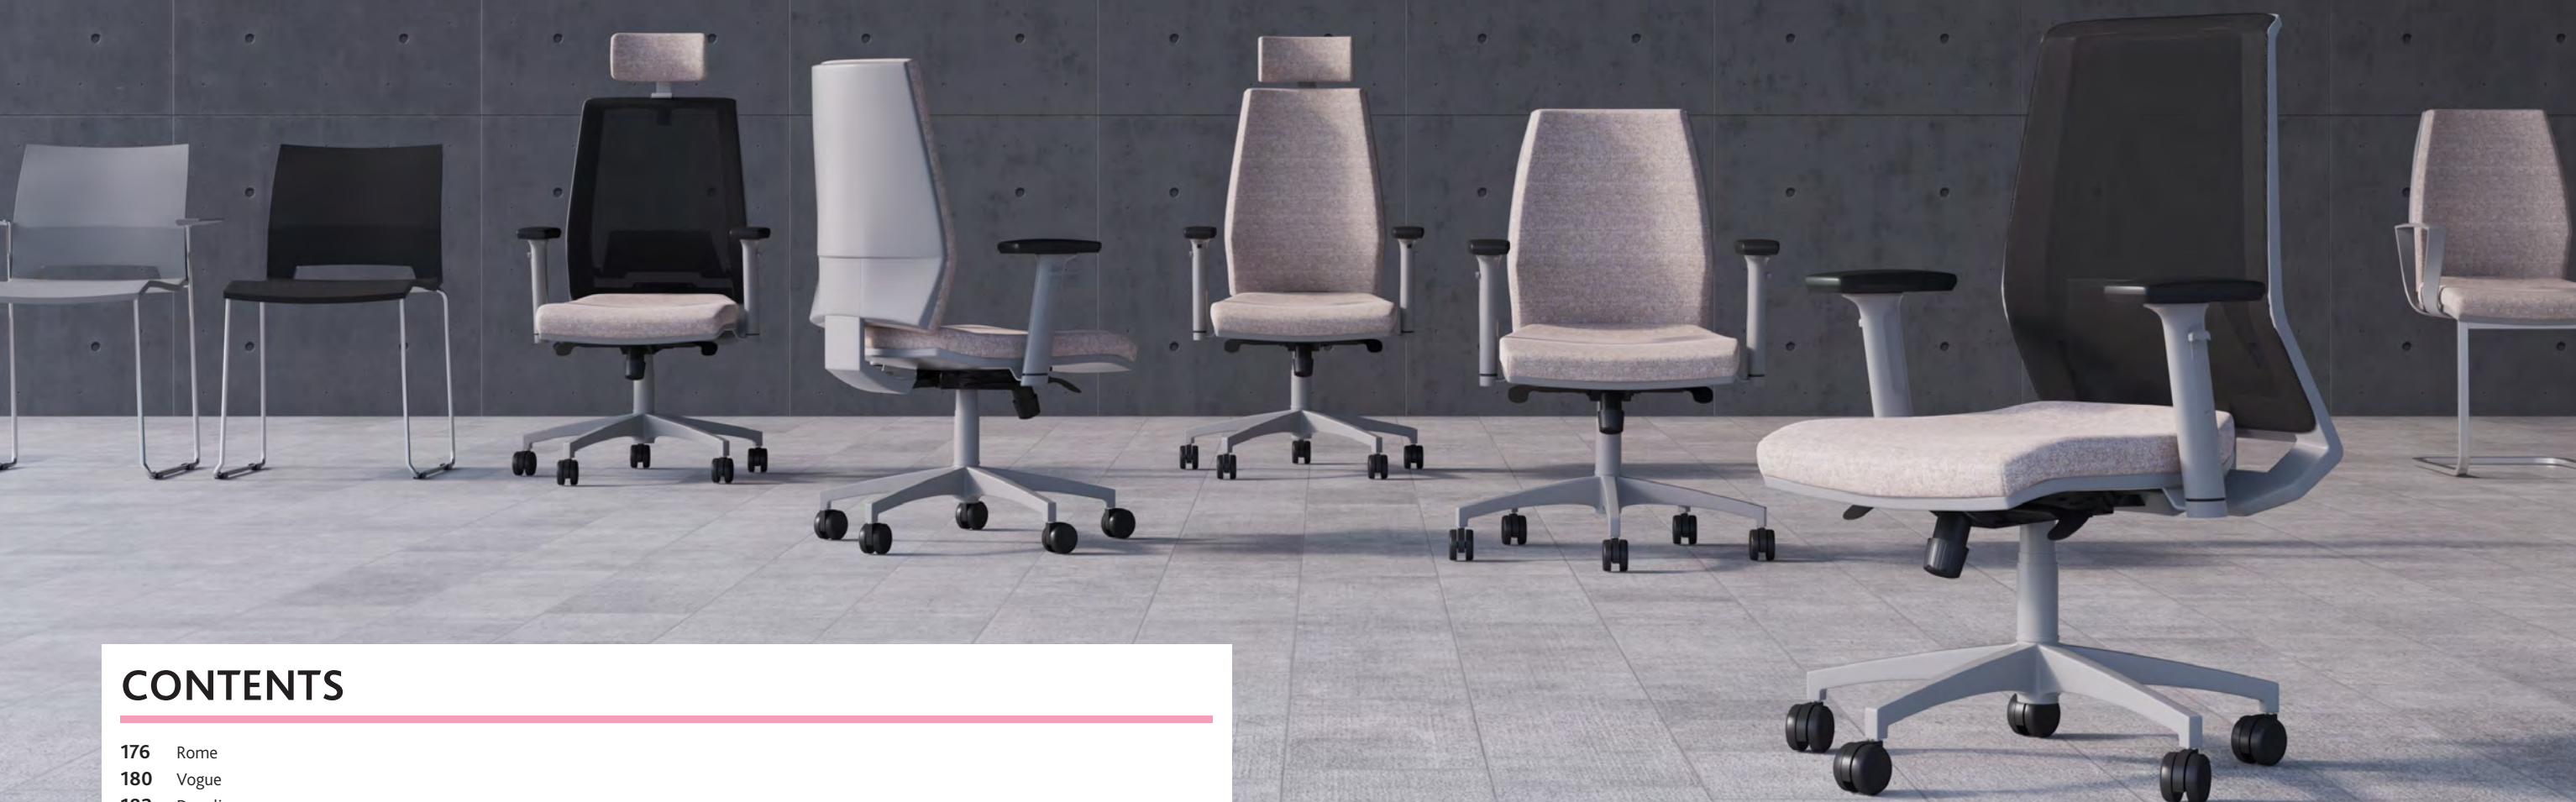

Want to match your own décor? We offer an exciting unlimited fabrics service which allows you to choose your own fabric, and we'll do the rest. Look out for our unlimited fabrics icon on all products included in this service. Please see pages 414 - 419 for fabric options on seating.

SEATING FAMILIES

// 11

There's nothing quite like family, and we understand this. Just like family, you might share the same name, but everybody has unique qualities. Our seating family section showcases a range of seating family ranges that allow for consistency without compromising on tailoring for individual uses.

MEETING & CONFERENCE

// 15

Don't want to stray too far away from the classic meeting chair, but in need of something a bit 'more'? You'll find it here. With a range of meeting and conference chairs that take the mundane out of meetings. From a chrome cantilever frame, leather look finish, or even upholstered in your own choice of fabric- your conference room needn't conform ever again!

ABOUT NURTURE

Nurture is a wooden range of contemporary classroom, stacking, canteen and conference chairs that aim to improve educational and public spaces through a connection with nature. This connection is proven to increase rates of learning, concentration and attendance by 25%. The range is crafted in the UK from layers of premium hardwood veneer, faced with hard wearing laminate and finished with Danish oil. It is also FSC tree tick approved which ensures the process of making this chair is environmentally appropriate.

Chieftain Fabrics are experts in vinyl upholstery. It is their only focus and they believe that for this reason, they are the best at what they do. Chieftain specialise in the design and production of high quality performance fabric and contract upholstery, and have done for over 60 years. With their unique mix of specialist expertise, innovative R&D and advanced materials, they produce an inherently better fabric. Chieftain are constantly striving to keep up with ever changing technologies and have the only fabric that has passed both the Tropical test and Crib 7.

FABRIC BAND 3

Application
High traffic areas, stadia seating, restaurant, hotel, healthcare, prisons, high security environments etc.

Characteristics
Surface : Phthalate free PVC
Backing : Cotton/PES
Weight : 705 g/m2
Thickness : 1.10mm
Bursting Strength : 1,200+kPa
Abrasion : 500,000+ Martindale Rubs

Flame Retardancy
BS5852 Ignition Source 7 - Crib 7 as standard
BS7176 Medium Hazard
S.I. 1988 No.1324 Schedule 4 and 5
BS EN1021-1 and 2
CS-25
FMVSS 302
IMO A 652 (16)
M2
B2

Jungle / Tropical Test
ISO 1419 : 1995 Accelerated Aging Test

Antimicrobial
ISO 22196
G21
Independent testing has verified that Just Colour is effective at reducing the spread of MRSA, E.Coli, and other similar bacteria.

See Chieftainfabrics.com for further details and cleaning instructions.

FABRIC BAND 4

Application
High traffic areas, stadia seating, restaurant, hotel, healthcare etc.

Characteristics
Surface : Phthalate free PVC 85% : 15% PU
Backing : 100% Organic Cotton
Weight : 800g/m2
Thickness : 1.25mm
Bursting Strength : 1,000+kPa
Abrasion : 500,000+ Martindale Rubs

Flame Retardancy
BS5852 Ignition Source 5 - Crib 5 as standard
BS7176 Medium Hazard
S.I. 1988 No.1324 Schedule 4 and 5
BS EN1021-1 and 2
CS-25
FMVSS 302
IMO A 652 (16)

Antimicrobial
ISO 22196
Independent testing has verified that Lionella is effective at reducing the spread of MRSA, E.Coli, and other similar bacteria.

See Chieftainfabrics.com for further details and cleaning instructions.

FABRIC BAND 3

Application
Domestic application only - not suitable for contract use.

Characteristics
Surface : PVC
Backing : PES or Cotton PES
Weight : 608g/m2
Thickness : 1.00mm
Bursting Strength : 1,000+kPa
Abrasion : 40,000+ Martindale Rubs

Flame Retardancy
BS7176 Low Hazard
S.I. 1988 No.1324 Schedule 4 and 5
BS EN1021-1 and 2
CS-25
FMVSS 302
IMO A 652 (16)

See Chieftainfabrics.com for further details and cleaning instructions.

Antimicrobial
ISO 22196
Independent testing has verified that Carino is effective at reducing the spread of MRSA, E.Coli, and other similar bacteria.

See Chieftainfabrics.com for further details and cleaning instructions.

camira

Camira have been weaving the fabric of the world for decades. They produce fabrics for spaces and places, from offices to schools, trains to buses, and shops to hospitals. Camira manufacture over 8 million metres of fabric a year so you’re sure to have touched upon their fabrics either at work, at play or on the move. From their manufacturing plant, registered to ISO 9001 and 14001 standards, they make 8 million metres of fabric a year meeting international flammability regulations, celebrating colour, design, technical and environmental innovation.

CAMIRA MAIN LINE FLAX - FABRIC BAND 4

Composition
70% Virgin Wool, 30% Flax

Enviromental
Rapidly renewable and compostable.

Abrasion Resistance
Heavy duty / 10 year guarantee
Independently certified to ≥50,000 Martindale cycles

Flammability
EN 1021 - 1 (cigarette)
EN 1021 - 2 (match)
BS 7176 Low Hazard
BS 5852 Ignition Source 5
BS 7176 Medium Hazard
BS 5867-2 Type B Curtains & Drapes
UNI 9175 Classe 1 IM
ÖNORM B 3825 & A 3800-1

Note: Flammability performance is dependent on components used.

Light Fastness
5 (ISO 105 - B02)

Fastness to Rubbing
Wet: 3, Dry: 4 (ISO 105 - x12)

FINISHES & COLOURS

Our finishes are designed for ease of coordination and use, abundance of choice and thoughtfulness to the environment. The offering consists of a wide selection of textiles, paints, decors, veneer finishes, glass, acrylic, metals, and plastics.

On these pages we have listed some of our most popular MFC and Steel finishes to assist you in choosing the right finishes for your project.

STOCKED MFC COLOUR RANGES

Ranges
Height Adjustable Desking, Bench Desking, Desking, Meeting Tables & Wooden Storage

Care & Maintenance
Due to its resistant, hygienic and dense surface, these Laminates do not require any special form of care. The surface is generally easy to clean. Do not use sanitary cleaners or detergents with abrasive components, as such cleaners may lead to changes in the gloss level and/or scratching of the material.

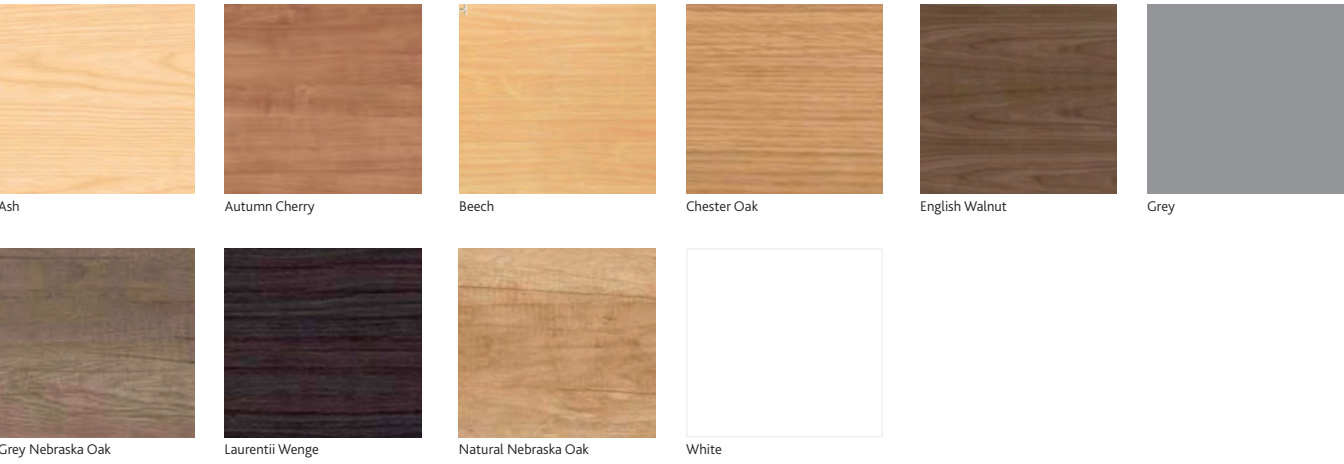

LEG FINISHES

PROJECT RANGE MFC FINISHES

Ranges
Project, Storage & Meeting Tables

Care & Maintenance
Due to its resistant, hygienic and dense surface, these Laminates do not require any special form of care. The surface is generally easy to clean. Do not use sanitary cleaners or detergents with abrasive components, as such cleaners may lead to changes in the gloss level and/or scratching of the material.

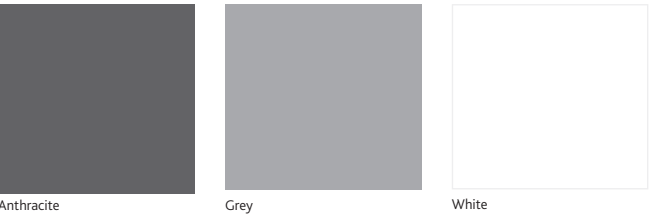

LEG FINISHES

PICNIC AND PLATEAU MEETING TABLE FINISHES

Ranges
Picnic & Plateau

Care & Maintenance
Due to its resistant, hygienic and dense surface, these Laminates do not require any special form of care. The surface is generally easy to clean. Do not use sanitary cleaners or detergents with abrasive components, as such cleaners may lead to changes in the gloss level and/or scratching of the material.

LEG FINISHES

TALOS STEEL COLOURS

Ranges
Talos

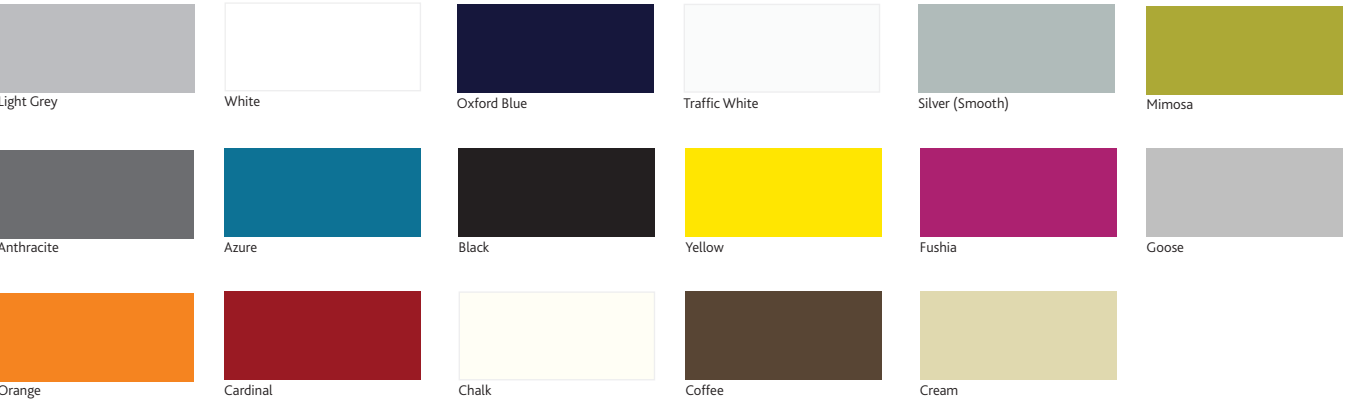

Care & Maintenance
Carefully remove any loose surface deposits with a wet sponge. Use a soft brush (non abrasive) and a dilute solution of a mild detergent, eg, pH-neutral liquid hand dishwashing detergent in warm water (DO NOT use solvents) to remove dust, salt and other deposits.

BISLEY STEEL COLOURS

Ranges
Bisley Steel Storage

Care & Maintenance
Carefully remove any loose surface deposits with a wet sponge. Use a soft brush (non abrasive) and a dilute solution of a mild detergent, eg, pH-neutral liquid hand dishwashing detergent in warm water (DO NOT use solvents) to remove dust, salt and other deposits.
